# Additional Disney Involvement

---

I worked the 2016 Wine and Dine Half Marathon, 2017 Marathon Weekend and the 2017 Princess Half Marathon, and 2017 Star Wars Half Marathon weekends to support the operational needs of the event. I help with the Expo, Kids Races, Half and Full Marathons. I address guest concerns, answering questions, and taking pictures to document the operational flow of the event.

The Official Disney Fan Club

D23 needed extra help to run the Mickey's of Glendale Imagineering merchandise store during the 2016 Destination D event at Disney's Contemporary Resort. I worked inside the makeshift store helping with setup, cleanup and managing the long lines of passionate Disney fans.

After Hurricane Matthew hit central Florida, the parks and resorts needed extra help. I worked a shift at World of Disney at Disney Springs and a Cross U shift at the Magic Kingdom providing extra assistance to guests and Cast Members.

I volunteered to work the 2016 Fall Family Block Party and the 2017 Goofy's Mystery Tour that was put on by the Cast Activities team at Walt Disney World. I assisted with setup, working different stations, helping manage character meet and greet lines, and cleanup.

I worked as a volunteer for the 2016 Sunrise Yoga in the Park event held inside Magic Kingdom Park. I assisted with registration and overall event flow to ensure the Cast Members could enjoy this event and not impact the normal daily Park Operations.

I was part of a test group that tried and then provided feedback for a custom program that Disney Institute created for one of their clients. We performed different icebreaker and team builder activities all over Epcot and then met after to discuss ways to improve the program.
